
SPEED LINE FOLLOWER 2027 - MARKER CODE

1 square LEFT of the line	90 deg LEFT turn ahead
1 square RIGHT of the line	90 deg RIGHT turn ahead
 1 square on BOTH sides	Crossing (+) ahead
2 squares LEFT	Zigzag start / end
2 squares RIGHT	Dashed line start / end
 2 squares on BOTH sides	Start / Finish

Field 200 x 200 cm, matte white. Line 2 cm black. Markers 2 x 2 cm black.
Marker inner edge 3 cm from line centre (2 cm clear of the line edge).
Markers are placed 10 cm before the feature. Travel direction: bottom straight runs right-to-left, left side upward, top right-to-left... i.e. clockwise on paper.
Consecutive markers are 4 cm apart (centre to centre). Sensor array (QTR-8) sees markers on its outer sensors.
Sweeping curves (r = 15 - 25 cm) are unmarked.
